19:03 10.5.2020.

Microsoft MakeCode for micro:bit editor interface. The top navigation bar includes "micro:bit", "Home", "Share", "Blocks", and "JavaScript". The left sidebar shows a virtual micro:bit board with a grid of red LEDs. A central menu lists categories: Basic, Input, Music, Led, Radio, Loops, Logic, Variables, Math, and Advanced. The main workspace contains a script starting with an "on start" block followed by a "forever" loop containing a "show leds" block. A "Download" button is visible at the bottom left of the workspace.

Microsoft MakeCode for micro:bit editor interface showing a modified script. The workspace now includes an "on start" block with a "show icon" block, followed by a "forever" loop containing a "show icon" block and a "pause (ms)" block set to 100. The "Download" button remains at the bottom left. The system tray at the bottom right shows the time as 19:08 on 10.5.2020.
